3		3	For the record this is Gregg

6	425 Lexington Avenue	6	the time and place for the auction. What
7	New York, New York 10017	7	I would like to do is go through a few of
8	BY: WILLIAM RUSSELL, ESQ.	8	the points that are raised in the bid
9 10		9 10	procedures order. I am referring to
11		11	docket number 123 in the Gawker Media case which is the conformed bid
12		12	procedures, and bid procedures order and
13		13	the attached bid procedures.
14		14	Very briefly I wanted to start
15		15	with we did in fact as the parties here
16		16	know, we did in fact receive a bid, I am
17		17	going to call it Univision for this, it
18		18	has been in an acquisition vehicle, but I
19		19	am going to use for the sake of this
20		20	auction Univision. We received a bid
21		21	from Univision last evening. The bid was
22		22	along with a wire deposit that we
23		23	received by the 5 p.m. deadline. We did
24 25		24 25	not receive any other bids by the 5 p.m. deadline or afterwards.

So only, and for the U.S. Trustee and for 6 6 we do believe, and I will go through the the parties. 7 7 other provisions, but we do believe that I know that there will be 8 8 we have received a higher or otherwise questions as we go through here that will 9 9 better bid in that form. ask for values of certain things and that 10 I want to say to everyone here I 10 will be somewhat confidential 11 11 don't believe the union is coming and information. As you are all aware this 12 12 they are not in the same room, I want to is a very public bankruptcy and a very 13 13 remind everybody that what I am going to public process and as I wake up this say is going to be held strictly 14 14 morning knowing that the union has 15 15 confidential. And so for 20 20 conversations, and I would caution people everybody's benefit and to realize the 21 21 before they say things today to think highest and otherwise best value for the 22 22 whether that is something that for the company I would request people to refrain 23 23 benefit of the business should be in the or be cautious in their statements. 24 24 public record. I know that when I say I did say to the union that they 25 25 things that I will prefer not to be in can come here, certainly the union Page 8 Page 9 1 1 **Auction Proceedings Auction Proceedings** 2 2 representatives can come here and be a will be speaking on behalf of Univision 3 party to the public proceedings, we have 3 today? 4 4 a room for them, I just spoke to her. So what I would ask Michael of the first steps under the bid 11 11 Torkin to agree to is that there is no procedures order is to identify who will 12 12 be speaking today on behalf of the agreement that a bidder, that a 13 13 bidder. Page 18 Page 19 1 1 **Auction Proceedings Auction Proceedings** 2 2 the record a couple of other issues that with the bidders and with respect to the 3 3 bidders can consider. The bidders are committee regarding the bidding matrix. 4 4 aware of it, the committee is aware of We did advise bidders that there were 5 5 certain contracts and we have been it, but I am going to put it on the 6 6 record. reviewing the documents. There are 7 7 Prior to the discussions obviously certain contracts that are particularly 8 8 we have met a number of times with the interesting, crucial. We also were 9 9 talking to the bidders about revisions to committee, and in consultation with the 10 committee, and I don't believe that there 10 the asset purchase agreement regarding are any objections, but I would ask Mr. 11 11 contract designations. 12 12 Russell on behalf of the committee to Again I don't believe that we have 13 13 confirm that so far there are no received a change in the form that we would request, but we will be working on 14 14 objections to the level of consultation 15 15 we have had with the committee to date such a change under the contract. So 16 16 with respect to the bid process, the that I explain myself, under the contract 17 17 negotiations with the parties and keeping the bidder, the original bidder was 18 18 vou abreast of the determinations? required to designate contracts. They 19 19 MR. Two they would be 24 24 Russell of Simpson Thacher. maybe's. And three they would be 25 25 Finally we have had conversations excluded. Page 20 Page 21 1 1 **Auction Proceedings Auction Proceedings** 2 2 today before we get back on the record, The concern we had with that list 3 3 was that the assumes could be changed will you irrevocably determine to take 4 4 three days prior to the closing and the this contract if you are the successful assumed could then become excluded. We 5 5 bidder. In that context and in the 6 б have asked all of the bidders to instead bidding matrix if there is any 7 7 equivocation whatsoever it will be modify the agreement to provide that 8 8 whatever is on the assumed list become treated as a rejected left behind 9 irrevocable as of the closing date, as of 9 contract for valuing the bids. 10 10 So one of the major contracts that the sale hearing date, and that therefore we have advised all of the bidders are is 11 11 if there is any contract as to which they 12 are not certain and want more time, that 12 the Fifth Avenue lease. The Fifth Avenue 13 13 those contracts be put on what is called lease as people know has a one year LC 14 14 the maybe list, unless they are already outstanding plus a few percent. That is one of People can look at that lease if they so 22 22 the considerations that we will give desire. Paragraph 47 does allow for an 23 23 weight to. And so we would ask the early cancellation, but we have 24 24 bidders to review their list and be able calculated the back end of that to 25 25 to tell us as we will go through the bids probably be greater than the 15 percent.

Page 22 Page 23 1 1 **Auction Proceedings Auction Proceedings** 2 2 That means that that claim is just finalizing whereby anybody, either 3 3 about \$6.3 million if my recollection is of the bidders that wants to remain in 4 4 correct, of which is completely -- 5.4 is the Fifth Avenue property will have a 5 5 completely cash collateralized. We will keep going until we get to we have encouraged all bidders to assume 16 16 and take an assumption and assignment of the highest or otherwise best price. 17 17 the collective bargaining agreement. I There will be at least initially 18 18 believe one of the bidders Ziff Davis has pursuant to the bid procedures order 19 19 announced to do so at this present time, unless the debtors in consultation with 20 20 the committee agree otherwise, there will although there is a referral in the 21 21 designated contract that they would be a million overbid. 22 22 subject to an agreement. Which will mean that

Page 34 Page 35 1 1 **Auction Proceedings Auction Proceedings** 2 2 maybe some of the assumes will be moved (Continued in highly confidential 3 3 to the maybe list and we will spend the portion of transcript.) 4 4 next break working on that issue. 5 5 We will agree to a procedure by 6 6 which, and hopefully the court will 7 7 approve in the sale order, and if not we 8 8 will file a motion that will essentially 9 9 have what I call a fairly standard, they 10 tell us go ahead try to assume it, or we 10 11 11 don't want it. We will either file a 12 12 motion to reject or we will give notice 13 13 of an assumption to the third-party. The 14 14 third-party will come in and have a right 15 15 to object, seek out a good assurance, 16 16 whatever it is. But that way we will not 17 17 have the problem of assuming certain 18 18 contracts and then taking them off before 19 19 the closing. 20 20 Now at this point I am going to 21 21 mark the transcript as confidential, and 22 22 unless somebody has an objection here I 23 23 am going to put two provisions on that I 24 think are related that are confidential 24 25 25 and should not leave this room. 2	MR. GALARDI: I am not going to	2	not, but that has been minor. So	
3	hold anybody, is it a brief break so	3	whenever somebody uses a number I have	
4	people get up, or should we stay, ten	4	yet to say okay this provision is worth X	
5	minutes, twenty minutes?	5	dollars in your provision if you tighten	
6	MR. GILHULY: It could be shorter	6	it up or are deducting it. I have yet to	
7	than that.	7	do that because I haven't had to do that.	
8	MR. GALARDI: That is fine.	8	If and when we have to do that, we may	
9	Off the record.	9	have to do that, but I am hoping we don't	
10	(Recess taken.)	10	have to do that.	
11	MR. GALARDI: I think everybody is	11	So we will all go forward on the	
12	back in the room. Back on the record.	12	understanding that people are bidding on	
13	One clarification that I think is	13	their contract with their number subject	
14	worth making. When Ziff bid it was	14	to the changes that we have specifically	
15	expressed that it was based on the Ziff	15	referenced, and otherwise it is the same	
16	form of the APA subject only to	16	agreement, okay.	
17	modifications to be agreed to to reflect	17	Peter is that your understanding	
18	the changes that we had agreed to with	18	of what	
19	Univision.	19	MR. GILHULY: Yes, that is my	
20	My understanding unless otherwise	20	understanding.	
21	agreed to by the parties is, and I know	21	MR. GALARDI: And Michael that was	
22	there has been some discussions with	22	your clarification?	
23	Univision, Univision has been bidding on	23	MR. TORKIN: Yes, that is our	
24	it's agreement with it's terms subject to	24	understanding as well.	
25	things that we may have worked out or	25	MR. GALARDI: Okay, so with that	
	timigs that we may have worked out of		with Grill Hebi. Okay, 50 with that	
	Page 52		Page 53	
1	Auction Proceedings	1	Auction Proceedings	
2	then the bidding would turn now to	2	performance. That will mean, among other	
3	Univision, but we are going to use the	3	things, one is that there will have to be	
4	simple formula until somebody screws it	4	an LC which we currently have cash	
5	up, that we are going to use the top line	5	collateralized, the cash collateral is	
6	number. So we are treating the bid as if	6	5.4, I think it's a year's rent which may	
7	it was \$96 million.	7	be 5.2 or 5.3, I am not exactly sure.	
8	So now we would turn to Univision	8	And there is a parent guarantee of that	
9	to make the bid and when they give the	9	lease and I know that the landlord will	
10	bid we will deduct the breakup fee, that	10	insist on that parent guarantee as well	
11	3.725, and then determine whether that is	11	as a financial wherewithal.	
12	the higher or otherwise better bid.	12	Before I put full value on that, I	
13	MR. GILHULY: Univision increases	13	know are you going forward with the	
14	it's \$95 million bid by assuming the New	14	assumption and assignment, one is have	
15	York lease in total, which we are	15	you had a direct conversation, has the	
16	informed is worth \$6.3 million.	16	landlord agreed that this could be	
17	MR. GALARDI: \$6.3 million is what	17	assumed and assigned at this sale hearing	
18	we had put on the value of that. That is	18	and met your adequate protection, and is	
19	an assumption and assignment subject to	19	comfortable with your adequate assurance,	
20	adequate assurance performance which will	20	or is that something that I have to deal	
21	include so that everybody here knows, and	21	with in the next hour or two?	
22	we will have to reach out to the landlord	22	MR. GILHULY: I had a direct	
23	to make sure that all of this works, but	23	conversation with the landlord's attorney	
24	our understanding is you will have to	24	without disclosing the identity of my	
25	satisfy the adequate assurance of future	25	client, but by giving him the general
